

## **Young Scholars of Greater Allegheny Charter School Anti-Bullying Policy**

The Board of Trustees recognizes the importance of a safe school environment to the educational process of Young Scholars of Greater Allegheny Charter School (“School”). The Board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. Bullying, like other disruptive or violent behaviors that disrupt both a student’s ability to learn and a school’s ability to educate its students in a safe environment, is prohibited at School. Because students learn by example, School administrators, faculty, staff and volunteers are directed to demonstrate appropriate behavior, treat others with civility and respect, and refuse to tolerate bullying.

“Bullying” is defined as an intentional electronic, written, verbal or physical act, or a series of acts:

- (1) directed at another student or students;
- (2) which occurs in a “school setting” or outside of school and materially and substantially interferes with the educational process or program at the school such as to create a sufficient nexus with the school, as allowed by law;
- (3) that is severe, persistent, or pervasive; and
- (4) that has the effect of doing any of the following:
  - substantially interfering with a student’s education;
  - creating a threatening environment; or
  - substantially disrupting the orderly operation of the school;

A “school setting” shall mean in the School, on School grounds, on the School property, in School vehicles, at designated bus stops or at any activity sponsored, supervised or sanctioned by the School and any time spent necessarily traveling to and from these locations. Additionally, any student whose out of school conduct materially and substantially interferes with the educational process in the School is also subject to this policy.

Students shall conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students, School staff, volunteers, and contractors.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents and guardians, staff, and community members of the School, producing an atmosphere that encourages students to grow in self-discipline. The development of this

atmosphere requires respect for self and others, as well as for School and community property on the part of students, staff, and community members.

Since bystander support of bullying can bolster these behaviors, the School prohibits both active and passive support for acts of bullying. The staff should encourage all students to walk away from these acts when they see them and to report them to the CEO or CEO designee staff member of the School.

Consequences and appropriate remedial actions for a student or staff member who commits one or more acts of bullying may range from positive behavioral interventions up to and including in school or out of school suspension from the School or expulsion or other disciplinary removal from the School, in the case of a student, or suspension or termination in the case of an employee, as set forth in the School's approved code of student conduct or employee handbook.

Consequences for a student who commits an act of bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance, and must be consistent with the School's approved code of student conduct. Remedial measures shall be designed to: correct the problem behavior; prevent another occurrence of the behavior; and protect the victim of the act.

The Board requires the Chief Executive Officer ("CEO") at the School to be responsible for receiving complaints alleging violations of this policy. All School employees are required to report alleged violations of this policy to the CEO or CEO designee staff member of the School. All other members of the School community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy. Reports may be made anonymously, but formal disciplinary action *may not* be based solely based on an anonymous report.

The Board requires the CEO to be responsible for determining whether an alleged act constitutes a violation of this policy. In so doing, the CEO shall conduct a prompt, thorough, and complete investigation of each alleged incident. The investigation is to be completed within three school days after a report or complaint is made known to the CEO.

The Board prohibits reprisal or retaliation against any person who reports an act of bullying. The consequences and appropriate remedial action for a person who engages in reprisal or retaliation shall be

determined by the administrator after consideration of the nature, severity, and circumstances of the act.

The Board prohibits any person from falsely accusing another of bullying. The consequences and appropriate remedial action for a *student* found to have falsely accused another of bullying may range from positive behavioral interventions up to and including suspension or expulsion. Consequences and appropriate remedial action for a *school employee* found to have falsely accused another of bullying shall be disciplined in accordance with school policies, procedures, and agreements.

The Board requires School officials to annually disseminate the policy to all School staff, students, and parents, along with a statement explaining that it applies to all applicable acts of bullying that occur in the School, on School grounds, on the School property, in School vehicles, at designated bus stops or at any activity sponsored, supervised or sanctioned by the School and any time spent necessarily traveling to and from these locations. Additionally, any student's out of School conduct that materially and substantially interferes with the educational process in the School is also subject to this policy.

Young Scholars of Greater Allegheny Charter School will comply with applicable federal and state laws relating to bullying, including but not limited to those requirements delineated in the Charter School Law, Title 22 of Chapter 12 of the Pennsylvania Code and the applicable House Bill 1067 amendments relating to bullying and safe schools.

Young Scholars of Greater Allegheny Charter School will further comply with applicable federal and state laws, including Chapter 15 of Title 22 of the Pennsylvania Code regarding Protected handicapped students and applicable sections of Section 504 of the Rehabilitation Act and its applicable implementing regulations.
