
Annual Notification of Rights under Family Educational Rights and Privacy Act (FERPA) for the 2023-24 School Year /Notice to Parents and Guardians Regarding the Disclosure of Student “Directory Information”

The Family Educational Rights and Privacy Act (FERPA), a federal law, affords parents, legally emancipated students, and students over eighteen (18) years of age (“eligible students”) certain rights with respect to the student’s educational records.

These rights are briefly summarized below and are explained more fully in the Board’s Student Records Policy, which is on file at the school and is available upon request:

1. The right to inspect and review the student’s educational records within forty-five (45) days of the day Young Scholars of Greater Allegheny Charter School (“Charter School”) receives a request for access. Parents or eligible students should submit to Charter School’s CEO/Principal a written request that identifies the record(s) they wish to inspect. The Charter School official will decide for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.
2. The right to request the amendment of the student’s educational record(s) the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask the Charter School to amend a record that they believe is inaccurate or misleading. Parents or eligible students should write to the Charter School’s Principal, clearly identifying the part of the record(s) they want amended and specify why the record(s) is inaccurate or misleading. If the Charter School decides not to amend the record(s) as requested by the parent or eligible student, the Charter School will notify the parent or eligible student of the decision in writing and advise of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s educational record(s) except to the extent that FERPA authorizes disclosure without consent, as discussed below.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office

**U.S. Department of Education
400 Maryland Avenue SW
Washington, D.C. 20202-8520**

Release of Records Without Consent

Generally, the Charter School must have written permission from parents or eligible students in order to release any information from a student's education records. However, FERPA allows the Charter School to disclose that information without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interests. A School Official may include a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law unit personnel); a person serving on the Board; a person or company with whom the Charter School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); contractors, consultants, volunteers, and other outside service providers used by the Charter School; or a parent or student serving on official committee, such as a disciplinary or grievance committee, or assisting another Charter School official in performing his/her tasks. A School Official has a legitimate educational interest if the official needs to review an educational record(s) to fulfill his or her professional responsibility.
- Other schools, school systems, or institutions of postsecondary education to which a student is transferring.
- Authorized representatives of the U.S. Comptroller General, U.S. Attorney General, U.S. Secretary of Education, or State and local educational authorities. Disclosures may be made in connection with an audit or evaluation of Federal or State supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. The entities and officials identified here may re-disclose student information to outside entities and/or individuals that are designated as "authorized representatives" to conduct an audit or evaluation, or enforcement or compliance activity on their behalf. A designation of an "authorized representative," other than an employee, shall be memorialized in a written agreement. The same agreement shall contain provisions intended to guard the privacy of student information. Student records for

children seven (7) years or older are exempt from the use of authorized representatives for agencies running programs to improve social, emotional, and physical development.

- Appropriate parties in connection with financial aid for which a student has applied or has received, if the information is necessary to determine eligibility for aid, determine the amount of aid, determine the conditions of aid, or enforce the terms and conditions of aid.
- Organizations conducting certain studies for or on behalf of the school, to develop, validate or administer predictive tests; administer student aid programs; or improve instruction. The U.S. Comptroller General, U.S. Attorney General, U.S. Secretary of Education, or State and local educational authorities may re-disclose student information to organizations conducting studies identified here. Any re-disclosure of student information, whether by schools or the entities and officials identified here, requires a written agreement. The written agreement shall contain provisions intended to guard the privacy of student information.
- Accrediting organizations.
- To parents of dependent students for IRS tax purposes.
- To comply with a judicial order or lawfully issued subpoena.
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities within a juvenile justice system, pursuant to specific State law. The Charter School must maintain records of each request for access and disclosure of information from a student's education record(s), except for disclosures to school officials with legitimate educational interests, disclosures to parties with written consent from parents or eligible students, disclosures of Directory Information (discussed below), disclosures under select judicial orders or lawfully issued subpoenas, and disclosures to parents or eligible students. Parents and eligible students have a right to inspect and review the records of requests for access and disclosures.

Parents and eligible students have the right to refuse to permit the release by notifying the Charter School in writing that they do not want any or all those types of information to be designated as Directory Information. Please note that an opt out of Directory Information disclosures does not prevent the Charter School from identifying a student by name or from disclosing a student's name, identifier, or institutional email address in class in which the student is enrolled. The right to opt out of Directory Information disclosures does not include a right to remain anonymous in class and may not be used to impede routine classroom communications and interactions, whether class is held in a specified physical location or on-line through electronic communications.
